Vision: That the New Mexico Military Museum becomes a must visit destination in Santa Fe to learn about New Mexico’s Military Legacy of Honor and the true cost of freedom.

Mission: To support the New Mexico Military Museum in areas including: developing, promoting and enhancing the programs of the Museum.

We currently have:
• Over 15000 artifacts dating back to the 1400’s
• One of the best small arms collections in NM
• Large auditorium and renovated kitchen
• A greatly expanded museum exhibit space

Our plans include adding state of the art interactive exhibits, educational programs, re-enactments, and on-site research facilities - all designed to help tell the stories of the pivotal contributions of New Mexicans to U.S. military history.

The goals of the foundation over the next two years include creating a 21st century, state-of-the-art facility; Developing a Volunteer Staffing Program in order to increase hours and efficiency of the museum operation; Implementing a Marketing Campaign in order to accomplish the mission of the museum; Scheduling Monthly Auditorium Events; Establishing Educational Programs for local school districts and community colleges; Cataloging current artifacts using a database that will allow for virtual inspection of individual artifacts.

Call to Action: Join us in preserving the legacy of honoring the New Mexican men and women who served or are serving in the military. Your donation will help us:
• maintain its incredible collection of military artifacts and memorabilia
• develop world-class educational programming
• create fascinating exhibits

We appreciate your support
